Dates listed in **REVERSE** differ from the ones engraved on the grave markers. It is common for grave markers to be placed many years after death, and they are often less reliable. In cases of discrepancy, the following priority was used in determining date of death:

- 1 Death certificate
- 2 Newspaper account
- 3 Grave marker
- 4 Personal testimony

Similarly, the following priorities were used in cases of birth year discrepancies:

- 1 Birth certificate
- 2 Newspaper account
- 3 Census forms
- 4 Grave marker
- 5 Personal testimony
